Optional Tours *details to be informed

9:00-13:00

Tour A : Future Care Lab in Tokyo / SOMPO Care University

◆Future Care Lab in Japan

An institute that aims to create a sustainable care business model that utilizes ICT and digital technology to create a new way of caring for the elderly in which humans and technology coexist in harmony, and to provide high-quality care services with less burden.

◆SOMPO Care University Shibaura

An in-house university of SOMPO Care that promotes the knowledge, skills, and mindset development of staff in the same environment of elderly care.

9:45-13:00

Tour B : ANA Blue Base

◆ANA Blue Base

This comprehensive facility provides training for the six job categories that support the ANA Group.

Visitors can observe the training of ground staff, flight attendants, ground handling staff, cargo staff, mechanics, pilots etc., and tour the state-of-the-art training facilities.
